Career Objective

A driven Frontend Developer with a strong passion for learning and building websites that provide a great user experience.

Education

Bachelor of Information Systems   **2019 – 2021**
University of New South Wales, Sydney   Kensington, NSW

Experience

Frontend Simplified   **Nov 2021 – Current**
Junior Frontend Software Engineer

- Built homepage of the Frontend Simplified website using HTML5, CSS3 + BEM, JavaScript ES6+ and React best practices
- Assisted students in debugging errors within their code while building their applications
- Built an E-portfolio that was used within a tutorial at Frontend Simplified as one of the applications students were assigned to create

Frontend Simplified   **Sep 2021 – Nov 2021**
Frontend Software Engineer Intern

- Completed an in-depth training course on HTML5, CSS3 + BEM, JavaScript ES6+ and React
- Built multiple projects which allowed for the application of a variety of skills learnt throughout the training course

Commercial Projects

E-portfolio
- Designed, developed, and hosted my client's e-portfolio using semantic HTML5 and CSS3 (+BEM) best practices
- Provided support for search engine optimisation for higher indexing through Google's search engine crawler
- Included responsive and multi-platform support to enable the portfolio to be viewed on any platform and device

Library Website

- Delivered client their website in 7 days using HTMl5, CSS3 (+BEM) and JavaScript best practices
- Improved their website performance by compressing, caching and lazy loading images and components

Technical Skills

Proficient: HTML5, CSS3 (BEM), JavaScript ES6+, React (+hooks), npm, Git

Familiar: Redux, SASS, Yarn, React dev tools
